# *the music festival*

**Some of the worlds greatest artists have performed at the Lucca Summer Music Festival  
2018 will see the festival celebrating 21years.**

To experience a concert in Piazza Napoleone, located within the walls of Lucca and surrounded by beautiful buildings and towering elm trees, is something very unique and special.

We have enjoyed amazing concerts over the past few years, the likes of Elton John, Mark Knopfler, Robbie Williams, Tom Jones with Van Morrison and Simply Red just to name a few .

You can sense that each artist enjoys the setting, the people and the warmth of a summer night in Tuscany. Concerts are held in the evening, giving you the benefit of being able to explore Lucca and the surrounding areas during the day, or you can just relax around the pool at the villa.

This year due to a change in the festival format and knowing that music preferences will differ from person to person, we have elected to not include concert tickets in the vacation package, giving you the flexibility to choose which concerts you wish to attend.

Concert ticket prices will vary depending on the concert and once purchased tickets are non-refundable.
